ANNUAL IMPROVEMENT PLAN

2013

SCHOOL WORKSHEET VERSION

OUR SCHOOL VISION

All at Holy Spirit College are learners, inspired by the Holy Spirit to create our future based on respect for self, diversity and the dignity of others.

OUR SCHOOL MISSION

- · To develop the Catholic faith
- To educate young people in a happy and safe coeducational setting
- To create opportunities in which all experience success and achieve their potential
- To inspire all members of the community to be enlivened by the Holy Spirit
- · To ensure equity
- To foster collaborative processes
- To meet the demands and opportunities of life in a changing world
- To promote involvement in the wider Catholic community

OUR FUTURE DIRECTION

By the end of year 2013 our school will be a school where there will be increased focus on personalising learning for students. Through the addition of high quality staffing we will take this opportunity to review our pedagogical practice. We will use data gathered in 2011 and 2012 in regards to student performance and student wellbeing to help inform our priorities in 2013. Through strengthened school partnerships with other schools, the broader community and support services we aim to ensure the high level of pastoral care and our focus on student wellbeing is enhanced. In personalising learning for students we will particularly focus on strategies to address core literacy and numeracy skills of students.

Key Area 1: Catholic Life and Religious Education

Reform 4: Providing innovative and tailored learning opportunities for students

Reform 6: External partnerships with parents, other schools, businesses and communities and the provision of access to extended services (including through brokering arrangements)
